Peer Contribution Form

Group Name: Fantastic Four Name: Mohammed Alsiraji	
Names of ALL members of the group.	**Contribution (should add up to 100)**
1. Mohammed Alsiraji	25%
2. Afaq Ahmed Javed	25%
3. Preety Batta	25%
4. Shah Sawar Jan	25%
Total	**/100**

The workload was divided based on each member's skill set to maximize efficiency. I primarily focused on coding tasks, specifically preparing our working environment and designing the framework. Shah also handled coding responsibilities, with an emphasis on testing and conducting various experiments, some of which were included in our final project. Afaq and Preety concentrated on sourcing our datasets, dedicating significant time to research. In my view, everyone contributed equally to the project's success.
